Experience

Product Designer | Self-Employed — New York, NY | 2019-Present

- Designing user experiences (UX) and interfaces (UI) for web and mobile applications.
- Consulting for clients on UX practices based on user research, user flows, and information architecture.
- Develop branding, graphics, and create digital designs for logo, packaging, and print.

Account Manager | EU Design — New York, NY | 2018-2019

- Communicating and acting as primary point person for clients. Researching new product opportunities and meeting regularly to discuss their product needs.
- Daily communication with factories in China, India, and Italy. Analyzing data and interviewing teammates to improve production. Ensuring all timelines are met from sample development through shipping final product.
- Negotiated and calculated pricing to meet client needs as well as company profit margin. Used MS Excel to track purchase orders, sales, and client info.
- Breifed designers on new projects and collaborated with all team members to manage multiple projects at once.

Product Designer | M.Z. Berger & Co. — New York, NY | 2016-2018

- Designed watches, packaging, and promotional graphics for licenses from Disney, Marvel, Nickelodeon, Universal, and many more.
- Led kick-off meetings, conducted user interviews for new product ideas, and tested new products for approval.
- Collaborated with Product Managers to develop new products for best selling licenses. Performed follow up inquiries with overseas factories in China regarding development specifications, color approval, and samples.
- Provided administrative support to managers including maintaining product records and data entry.

Education

BFA: Industrial Design | Montclair State University — Montclair, NJ | 2016

- Minor: Business
